

Strategy

Stage 1: Analysis (2 months)

In this stage we introduce school chartered along with a professional CA. This stage will define the overall analysis of the work flow of the school.

Stage 2: Technical Scrutiny (6 months)

1. In this stage we bring in the technical expertise to study the technical pros and cons of the school.
2. Investors (after 3 months)
After 3 months of technical scrutiny we collaborate with the investors. Investors are the one who will invest into our system and will have appropriate margin of returns.

Stage 3: Long term phase

Further process of investments will begin in this phase, wherein we and the investors will actively take part in school expansion plans.
